| Additional Information: | The DH 145 SH is a heavy-duty condensation dehumidifier designed for efficient moisture control in large commercial or industrial spaces. With a maximum dehumidifying capacity of 475 litres per day, this industry-grade dryer is particularly cost-effective for keeping stored goods dry and to prevent damages caused by mould as well as corrosion during industrial processes. The unit comes standard with an automatic hot gas defrost system, an integrated condensate pump with a pump height of up to 4 metres, a residual water draining function as well as pressure gauge indicators for a maintenance-friendly early fault detection. |

Contact our team to discuss which commercial condensation dehumidifier or type of industrial dehumidifier is most suitable for your intended purpose.
